Welcome to Atos Care

At Atos Care, our mission is to help make life easier for people living with a neck stoma. We understand that having a laryngectomy or tracheostomy can be life changing, and we are here to support you every step of the way.

In this catalogue you will find information on the services available to you and many of the products we supply. If you can't find what you're looking for, please contact our helpful Customer Care team, who can help you find the products you need if they are available on prescription. We supply products made in-house by Atos (the Provox Life, Provox and Tracoe ranges) and products from a variety of other manufacturers, to give you the best choice and selection.

We are here to give you a helping hand, whatever you may need. If you have any questions or feedback, please do not hesitate to get in touch.

How to order

At Atos Care, we are committed to making life easier for people living with a neck stoma. We offer a selection of options for how you can order your supplies; ranging from a monthly service call to a fully automated monthly order.

1

A friendly monthly service call, email or text

Our helpful Customer Care team can contact you each month to help you place your order and answer any questions you may have.

2

Contact us when you wish to order

If you prefer to contact us when you need to order, you can contact us using our convenient freephone phone line, or by text, email or through our website, if you prefer.

3

Automated convenience order

We can set up a convenient repeat order for you, so that your supplies are automatically ordered and sent to you each month.

Discover our new website www.atos-care.co.uk for an easy and convenient way to order products

Order process explained

- 1 Place an order with our helpful Customer Care team.
- 2 If your order contains new items, we may check suitability with your healthcare professional.
- 3 We contact your GP to request the prescription for your items.*
- 4 On receiving the prescription**, we send out your supplies directly to your home.

Please allow up to 14 working days from placing your order to receiving your supplies.

The Catalogue doesn't contain everything we can provide, so if there is anything you need but cannot see, then please get in touch with your Customer Care Representative.

*This applies if your GP agrees to receive prescriptions from a third party (i.e. us). If this is not the case, you may be required to place the request directly with your GP surgery.

**Our Electronic Prescriptions Service (EPS) means your GP can send the prescription directly through us through a secure system, so that you don't have to collect it and send it on to us.

Events

A woman with short grey hair and glasses is sitting in a grey armchair. She is wearing a white short-sleeved top and a watch on her left wrist. Her right hand is resting on her chest, and she has a thoughtful expression. A laptop is open on her lap. The background shows a blurred indoor setting with a plant and a window.

We run a range of events, both online and in-person. Our MyLife events are one of the ways we can help support you to breathe better, whatever you do.

We hold a range of helpful webinars, practical workshops and interactive experiences. Our MyLife events include helpful presentations about relevant topics, as well as a chance to ask questions and hear from other people who know and understand about laryngectomy.

Access to experts

Supported events can also include healthcare and other professionals who can share valuable information, tips and best practice that might be hard to find on your own. Past events have included presentations and speakers on themes such as:

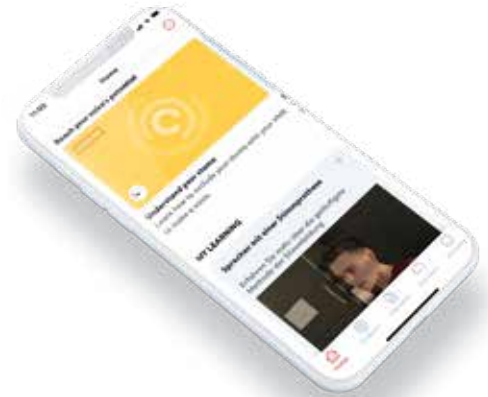

- **Looking after your lungs**
- **Travel**
- **Breathing exercises**
- **Dealing with the unexpected**

Atos MyLife app

Did you know that we have a helpful App, full of informative videos, tutorials and tips about living with a laryngectomy?

Featuring real patient stories as well as presentations from our in-house Speech Therapists and guest experts.

The App is divided into three main sections making it easy for you to find what you are looking for:

Inspiration

Articles and original videos with patients and clinicians sharing advice and unique stories. Topics include breathing, speaking, care and daily life.

Exercises

A tool to help you practice voice and breathing exercises through a series of videos offering useful tips to help you overcome any challenges.

Products

A presentation of the Provox Life products with information to help understand how to use them best within your daily life.

Award winning app

We are thrilled to announce that our MyLife app won four awards at the 12th annual Lovie awards.

- Gold Lovie Winner: Utilities and Services
- Silver Lovie Winner: Wellness & Lifestyle
- Bronze Lovie Winner: Best practices
- People's Lovie Winner: Best practices

PROVOX[®]
Life Breathe better,
whatever you do

Provox[®] Life[™]

Provox® Life™ Home

This HME is designed to improve your lung health when you are taking it easy at home. It features optimised humidification and breathability for healthier lungs.

- Excellent humidification
- Comfortable breathability
- Low profile and discreet look
- Reduces mucus production and coughing
- Easy to press for speaking with a voice prosthesis

Provox® Life™ Go

This HME provides lower breathing resistance, helping make it easier to breathe when you are out and about and participating in daily activities.

- Good breathability
- Good humidification
- Low-profile and discreet look
- Reduces mucus production and coughing
- Easy to press for speaking with a voice prosthesis

Item No.	Supplier	Description	Pack size
8311	Atos Medical AB	Provox Life Home HME	30 pc
8310	Atos Medical AB	Provox Life Go HME	30 pc

Provox® Life™ Night

This HME helps reduce coughing for a more restful nights sleep. It offers our highest humidification which helps reduce mucus production and coughing, allowing you to rest whilst improving lung health.

- Excellent humidification
- Comfortable breathability for nighttime breathing
- Reduces mucus production and coughing
- Soft and smooth for nighttime comfort
- Side openings to prevent occlusion while sleeping

Provox® Life™ Energy

This HME has good humidification and low breathing resistance, which is perfect for when you are physically active.

- High breathability
- Good humidification
- Sporty look
- Reduces mucus production and coughing
- Easy to press for speaking with a voice prosthesis
- Front vents to prevent accidental occlusion during deep breathing

Item No.	Supplier	Description	Pack size
8262	Atos Medical AB	Provox Life Night HME	30 pc
8312	Atos Medical AB	Provox Life Energy HME	30 pc

Provox® Life™ Protect

This HME has a two-way electrostatic filtration that effectively filters bacteria, viruses, dust, and pollen. It also has a comfortable breathing resistance that warms and humidifies the air you breathe.

- A highly effective bacterial and viral filter (greater than or equal to 98%)*
- Protects you from viruses, bacteria, dust and pollen
- Reduces mucus production and coughing
- Easy to press for speaking with a voice prosthesis

Item No.	Supplier	Description	Pack size
8313	Atos Medical AB	Provox Life Protect HME	15 pc

*Please note: Since pathogens can enter and leave the human body in other ways (such as the mouth, nose, and eyes), Provox Life™ Protect HME can never guarantee complete protection. Please read the instructions for use for guidance.

Provox® Life™ FreeHands

Provox® FreeHands HME offers both the freedom to speak hands-free and with finger occlusion. For use with a voice prosthesis. To be used with Provox® FreeHands FlexiVoice™.

- Reduces mucus production and coughing
- Easy removal of HME without the need for a removal aid
- Why not try with the Provox Life™ Stability Adhesive for extra confidence when speaking with Provox Life™ FreeHands

Item No.	Supplier	Description	Pack size
7440	Atos Medical AB	Provox Life FreeHands HME	30 pc

“I am very happy with the Provox Life™ Stability adhesive and don't feel nervous it's going to blow off when voicing.”

- Provox Life™ User

Provox® FreeHands FlexiVoice™

Gives the ability to speak hands-free. For use with a voice prosthesis.

- Speak hands-free for more natural communication
- Can be covered with a finger if needed
- Quick and easy to set up
- Helpful arch accessory helps keep clothing away
- Available in four strengths to suit your needs
- Compatible with Provox Life™ Adhesives using Provox Life™ FreeHands HME, or with Provox® Adhesives using Provox® FreeHands HMEs

Item No.	Supplier	Description	Pack size
8161	Atos Medical AB	Provox FreeHands FlexiVoice Light	1 pc
8162	Atos Medical AB	Provox FreeHands FlexiVoice Medium	1 pc
8163	Atos Medical AB	Provox FreeHands FlexiVoice Strong	1 pc
8166	Atos Medical AB	Provox FreeHands FlexiVoice XtraStrong	1 pc

Your clinician may wish to do a pressure test with you to determine the best FlexiVoice™ for you to use.

Provox® FreeHands Support™

To help reduce stoma movement, improve voice quality and prevent loss of baseplate seal while speaking hands-free.

- Helps keep a good seal with your baseplate while speaking hands-free
- Adhesive panel fixes to the chest to reduce baseplate movement whilst speaking
- Three models available to suit different stoma depths

Item No.	Supplier	Description	Pack size

Jaw

TheraBite®

- For rehabilitation of reduced jaw opening (trismus).
- The TheraBite® Jaw Motion Rehabilitation System™ is a clinically proven, anatomically correct and portable system. Designed to restore mobility after trismus and mandibular hypomobility.
- The TheraBite® Jaw Motion Rehabilitation System™ can also help to reduce muscle pain by reducing joint inflammation. It can prevent reduced muscle strength during radiation treatment (chemotherapy) in the head and neck area.
- The TheraBite Jaw Motion Rehabilitation System is available in both adult and pediatric sizes.

Therabite® System Contains:

- 1 x Jaw Mobiliser
- 4 x Bite Pads
- 1 x Hand Aid
- 30 x Range Of Motion Scales
- 1 x Carry Bag
- 1 x Instructions For Use
- 1 x Patient Progress Log

Environmental policies

Fully recyclable packaging

To reduce our carbon footprint we use recyclable materials for every bit of our packaging.

Delivery using electric vehicles

Most of our deliveries are made using electric vehicles which is being expanded over the next 5 years.

Responsible forestry

Where possible, our paper and cardboard are sourced from FSC (Forest Stewardship Council) sources.

Biodegradable materials

Our packaging 'peanuts' are made from biodegradable corn starch and can be dissolved in water.

Atos

Atos Care is the distribution arm of Atos Medical, the world-leading supplier of ostomy products for post laryngectomy and tracheostomy patients. Dedicated to making life easier for people living with a neck stoma, Atos Medical has decades of experience, and a deep understanding of what life is like after the operation.

So, although we supply the full range of products, we are much more than just a delivery service. Our expertise and focus mean that we can also provide full professional support and aftercare for you as an individual, wherever you are on your journey. We call this the Atos Circle of Care.
