Welcome to Atos Care

At Atos Care, our mission is to help make life easier for people living with a neck stoma. We understand that having a tracheostomy can be life changing, and we are here to support you every step of the way.

In this catalogue you will find information on the services available to you and many of the products we supply. If you can't find what you're looking for, please contact our helpful Customer Care team, who can help you find the

products you need if they are available on prescription. We supply products made in-house by Atos (the Provox Life, Provox and Tracoe ranges) and products from a variety of other manufacturers, to give you the best choice and selection.

We are here to give you a helping hand, whatever you may need. If you have any questions or feedback, please do not hesitate to get in touch.

Email: info@atos-care.co.uk

This catalogue contains Atos tracheostomy products. We can supply all tracheostomy products listed on the NHS Drug Tariff, so if you have additional supplies that you require please contact us to check.

How to order

At Atos Care, we are committed to making life easier for people living with a neck stoma. We offer a selection of options for how you can order your supplies; ranging from a monthly service call to a fully automated monthly order.

A monthly service call, email or text

Our helpful Customer Care team can contact you each month to help you place your order and answer any questions you may have.

Contact us when you wish to order

If you prefer to contact us when you need to order, you can contact us using our convenient freephone phone line, or by text, email or through our website, if you prefer.

Automated convenience order

We can set up a convenient repeat order for you, so that your supplies are automatically ordered and sent to you each month.

Visit www.atos-care.co.uk for an easy and convenient way to order products.

Order process explained

Place an order with our helpful Customer Care team.

If your order contains new items, we may check suitability with your healthcare professional.

We contact your GP to request the prescription for your items.*

On receiving the prescription**, we send out your supplies directly to your home.

*This applies if your GP agrees to receive prescriptions from a third party (i.e. us). If this is not the case, you may be required to place the request directly with your GP surgery.

**Our Electronic Prescriptions Service (EPS) means your GP can send the prescription directly through us through a secure system, so that you don't have to collect it and send it on to us.

Please allow up to 14 working days from placing your order to receiving your supplies.

Events

We run a range of events, both online and in-person. Our MyLife events are one of the ways we can help support you to breathe better, whatever you do.

We hold a range of helpful webinars, practical workshops and interactive experiences. Our MyLife events include helpful presentations about relevant topics, as well as a chance to ask questions and hear from other people who know and understand about tracheostomy.

Access to experts

Supported events can also include healthcare and other professionals who can share valuable information, tips and best practice that might be hard to find on your own. Past events have included presentations and speakers on themes such as:

- ✓ Looking after your lungs
- ✓ Travel
- ✓ Breathing exercises
- ✓ Dealing with the unexpected

Scan to find out more about our online events.

Breathing, speaking and living well

Tracoe is a tracheostomy brand that includes a range of high quality devices designed to meet high standards for comfort, reliability and durability. An HME (Heat and Moisture Exchanger) is a small device that attaches to your tracheostomy tube. The material within the device warms and filters the air (acts like an artificial nose).

TrachPhone HME

- ✓ TrachPhone is a versatile and lightweight HME that provides good humidification for different situations
- ✓ A multifunctional HME offering lung rehabilitation support
- ✓ Speaking valve function, press the top lid to occlude the stoma for voicing
- ✓ Integrated oxygen supply port (4 mm)
- ✓ Integrated suctioning port that allows for tracheal suction without removing the HME

Item No.	Description	Pack size
7707	TrachPhone HME	30

Please check with your healthcare professional for suitability.

XtraCare HME-F

- ✓ XtraCare HME-F provides good humidification and effective filtration
- ✓ Particularly helpful in pollen, flu season and in crowded places such as hospital visits, for extra protection

Environmental policies

Fully recyclable packaging

To reduce our carbon footprint we use recyclable materials for every bit of our packaging.

Responsible forestry

Where possible, our paper and cardboard are sourced from FSC (Forest Stewardship Council) sources.

Delivery using electric vehicles

Most of our deliveries are made using electric vehicles which is being expanded over the next 5 years.

Biodegradable materials

Our packaging 'peanuts' are made from biodegradable corn starch and can be dissolved in water.

Atos Care is the distribution arm of Atos Medical, the world-leading supplier of products for post laryngectomy and tracheostomy patients. Dedicated to making life easier for people living with a neck stoma, Atos Medical has decades of experience, and a deep understanding of what life is like after the operation.

So, although we supply the full range of products, we are much more than just a delivery service. Our expertise and focus mean that we can also provide full professional support and aftercare for you as an individual, wherever you are on your journey.
